What is it?

The Mediterranean Desk is an organizational unit within each Partner of [TEX-MED Clusters Project](#) whose objective is the capitalization and wider exploitation of the project's results in terms of Cross Border Cooperation after the end of the project.

The system of Mediterranean Desks is a key tool for the establishment of a continuous cooperation and networking among textile and clothing clusters. It will provide a significant contribution for the creation of the so-called Mediterranean Hyper-cluster in the textile and clothing industry.

What does it do?

Each Mediterranean Desk consists of a Desk Officer appointed by each partner of the project. He or she is responsible for the following activities:

- tutoring the progresses of Cross Border Cooperation initiatives started by the project and after its conclusion
- promoting the launch of new Cross Border Cooperation initiatives and tutor their development after the end of the project
- maintaining and developing the network of Mediterranean contacts established during the project
- generally, contributing to the development of assets and activities aimed at the strengthening of the Mediterranean Hyper-cluster.
